

Living Lab Portfolio day May 23

May 23rd is a special project-specific event intended for the LIVING LABS PORTFOLIO PROJECTS and the 1st wave members of the ENoLL.

The Portfolio projects are:

- **IP's:** eCospace, CoSpaces, Laboranova, Collaboration@Rural, WearIT@Work
- **CA's:** CoreLabs, CLOCK
- **SSA:** OpenFutures

This event is intended for portfolio building through discussions relating to specific issues relevant to these projects. Building on the more general information presented yesterday at the main event, the discussions will provide an opportunity for Portfolio projects to move forward by finding and supporting synergies.

09.00 – 10.00

SESSION 1: This session provides an overview of the issues for this event 3 and introduces the important themes, such as adding value by working together and sustainability of project results.

10.00-10.45

SESSION 2: IP'S PRESENT THEIR RESULTS TO DATE. Short presentations illustrate what the IPs are doing and how their work will develop, focussing on win-win synergies between IPs, with the CAs, and with ENoLL.

11.00-12.15

SESSION 3: PRO-ACTIVE INTERACTION BETWEEN LIVING LABS PORTFOLIO PROJECT. Interactive small group discussions about how the different projects in the Living Labs Portfolio can enrich and enhance each others' work: Which integration mechanisms are possible? How can the IP's add value to the Portfolio?

12.15-13.30

SESSION 4: CREATING RECOMMENDATIONS FOR AN ACTION PLAN. Participants work in small groups to create an action plan to address the interaction, integration and mutual enrichment of IP's, the Portfolio projects, ENoLL and the Open Innovation Community.

13.30 – 15.00 Lunch
